Open to Remote / Hybrid / Relocation (North, West, Central India) | Immediate Joiner

PROFESSIONAL SUMMARY

Product-focused engineer with 3+ years taking B2B SaaS and EdTech products from discovery to launch. Shipped a VR campus tour platform now used by 170+ US school districts, and built a CRM with AI lead scoring used by 50+ employees across 2 companies. Skilled in PRDs, roadmaps, KPIs, SQL and Mixpanel, with an AI-first, human-reviewed way of working. Pursuing AI PM at AirTribe.

SKILLS

Product: Product Discovery, User Interviews, PRDs and User Stories, Roadmapping, Sprint Planning (Agile/Scrum), Backlog Prioritisation (RICE), KPIs and Success Metrics, Competitor Analysis, Go-to-Market, Stakeholder Management, UAT
Data and Analytics: SQL (MySQL), Mixpanel, MongoDB
AI: LLM features (lead scoring, summaries), Claude Code, Cursor, GitHub Copilot, OpenAI Codex, Lovable (rapid prototyping)
Tools: Jira, Figma, Postman
Technical: React.js, Next.js, Node.js, Express.js, REST APIs, SSO, RBAC, AWS, Azure, Vercel
XR: Unity, Meta Quest, Pico, Apple Vision Pro, MDM (ManageXR, ArborXR)

PROFESSIONAL EXPERIENCE

Technical Product Lead (Software Engineer) | Fore Excel Pvt. Ltd. | Pune, India | Jun 2024 - Present

Delivered **5 client products and 2 internal products** end to end at a VR/XR technology distributor with partners in 30 countries.

College Match Pros (US EdTech, B2B) - VR Campus Tour Platform | Jan 2025 - Oct 2025

- Led discovery with the client's CEO and turned the brief into a PRD, UX flows and a phased roadmap; launched in **3 months** with a 2-person team.
- Powered tours for **170+ US school districts** across **12+ states**, covering **40+ campuses** and **10k+ student campus visits**; featured on The Baller Alert Show.
- Designed the product for a loaner-first go-to-market (up to 10 headsets per school), with a path to direct sales plus annual per-headset licensing.
- Prioritised Clever and ClassLink SSO with role-based access for districts, principals and students, removing manual student onboarding.
- Defined discovery filters (GPA, region, HBCU, Ivy League) and in-app surveys so schools capture student interest data from every tour.

Red Stone USA Inc. (US sister company) - Product and Technology Owner, Remote

- Own product and technology for one of only **3 authorised PICO XR distributors in the US** (**2,000+ headsets** deployed for **500+ enterprise clients**).
- Built a multi-tenant CRM replacing Google Sheets for **50+ employees across 2 companies**, cutting documentation time by **50%** with linked workflows, tasks, email alerts and accounts.
- Shipped AI lead scoring and summaries in the CRM, scoped a ZoomInfo integration with marketing, and am preparing it for launch as a subscription SaaS.
- Launched an e-commerce platform for enterprise VR buyers with a Build Bundle configurator combining hardware, software licences, MDM and kitting in one order.
- Present weekly brand reviews to sales (buying terms, MDF, reporting) and turn client support issues for Meta, Pico and Vision Pro into roadmap items.

Tata Advanced Systems, Tata Technologies and Pune Customs (Enterprise and Government clients)

- Led scoping, prioritisation and timelines for Tata Technologies' 2-phase AR/VR upgrade of an e-learning platform with hundreds of courses; co-led 6-7 interns.
- Defined requirements for a defence VR training admin dashboard (Tata Advanced Systems) and set up on-premise dev and production servers.
- Redesigned the Pune Customs government website solo in **1 week** to government web guidelines; mentored interns, **2 hired full-time**.

Technical Associate | Dexian | Pune, India | Jul 2023 - May 2024

- Built client app features, tested APIs in Postman, tracked delivery in Jira and wrote release documentation.

Earlier: WordPress Developer (Freelance), Hortus Rudra, Nov 2022 - Feb 2023 | Full Stack Intern, Hezkrost Technologies, Oct 2021 - Apr 2022

PROJECTS (PRODUCT CASE STUDIES, AIRTRIBE)

- **Zepto - Increasing AOV (team of 2):** Coded ~40 public user reviews into 6 themes, built 4 segments, mapped 5 funnel blockers and ranked 3 solutions with RICE; top pick scored 96.
- **Uber - Find My Ride:** Split pickup failures at malls and tech parks into 4 root causes; proposed gate-level pickup points and a one-tap pickup card, with a north-star metric and guardrails.
- **B2B Product Strategy (AI Customer Support):** Built a 2-3 year strategy repositioning an AI chatbot as a customer operations platform; defined ICP, moats and land-and-expand from G2, Capterra and Reddit data.
- **Nykaa - UX Analysis:** Ran a usability study of the Nykaa Beauty app, logged 12 findings and recommended fixes with trade-offs and success metrics.

EDUCATION

B.Tech, Electronics and Telecommunication | Bharati Vidyapeeth University, Pune | GPA: 9.2 | 2019 - 2023
